DRAFT NO. 114-17

ORDINANCE NO. _____

AN ORDINANCE AUTHORIZING DECLARATIONS OF OFFICIAL INTENT UNDER U.S. TREASURY REGULATIONS WITH RESPECT TO REIMBURSEMENTS FROM NOTE AND BOND PROCEEDS OF TEMPORARY ADVANCES MADE FOR PAYMENTS PRIOR TO ISSUANCE, AND RELATED MATTERS, AND DECLARING AN EMERGENCY.

WHEREAS, United States Treasury Regulations §1.150-2 (the "Reimbursement Regulations") prescribe conditions under which proceeds of bonds, notes or other obligations ("Bonds") used to reimburse advances made for capital and certain expenditures ("Original Expenditures") paid before the issuance of such Bonds will be deemed to be expended (or properly allocated to expenditures) for purposes of Sections 103 and 141-150 of the Internal Revenue Code of 1986, as amended (the "Code"), upon such reimbursement so that the proceeds so used will no longer be subject to requirements or restrictions under those sections of the Code; and

WHEREAS, certain provisions of the Reimbursement Regulations require that there be a Declaration of Official Intent not later than 60 days following payment of the Original Expenditures expected to be reimbursed from proceeds of Bonds, and that the reimbursement occur within certain prescribed time periods after an Original Expenditure is paid or after the property resulting from that Original Expenditure is placed in service; and

WHEREAS, this Council wishes to take steps to comply with the Reimbursement Regulations;

NOW, THEREFORE, BE IT ORDAINED by the Council of the City of Niles, County of Trumbull, Ohio (the "Issuer") as follows:

Section 1. Definitions. The following definitions apply to the terms used herein:

"Authorized Officer" means the Auditor of the City or any person designated for the purpose by the Auditor of the City.

"Declaration of Official Intent" means a declaration of intent, in the form and manner and time contemplated in the Reimbursement Regulations, that the advances for Original Expenditures referred to therein are reasonably expected to be reimbursed from the proceeds of Bonds to be issued after those Original Expenditures are paid.

"Reimbursement" or "reimburse" means the restoration to the Issuer of money temporarily advanced from its other funds and spent for Original Expenditures before the issuance of the Bonds, evidenced in writing by an allocation on the books and records of the Issuer that shows the use of the proceeds of the Bonds to restore the money advanced for the Original Expenditures. "Reimbursement" or "reimburse" generally does not include the refunding or retiring of Bonds previously issued and sold to, or borrowings from, unrelated entities.

Section 2. Authorization and Requirement of Declarations of Official Intent. Each Authorized Officer is authorized to prepare and sign Declarations of Official Intent in substantially the form attached with respect to Original Expenditures to which the Reimbursement Regulations apply to be made from money temporarily advanced and that is reasonably expected to be reimbursed (in accordance with applicable authorizations, policies and practices) from the proceeds of Bonds, to make appropriate reimbursement and timely allocations from the proceeds of the Bonds to reimburse such Original Expenditures, and to take any other actions as may be appropriate, all at the times and in the manner required under the Reimbursement Regulations in order for the reimbursement to be treated as an expenditure of

such proceeds for purposes of Sections 103 and 141 to 150 of the Code. No advance from any fund or account or order for payment may be made for Original Expenditures (other than expenditures excepted from such requirement under the Regulations) that are to be reimbursed subsequently from proceeds of Bonds unless a Declaration of Official Intent with respect thereto is made within the time required by the Reimbursement Regulations.

Section 3. Open Meeting. This Council finds and determines that all formal actions of this Council concerning and relating to the passage of this Ordinance were taken in an open meeting of this Council and that all deliberations of this Council and of any committees that resulted in those formal actions were in meetings open to the public in compliance with the law.

Section 4. Effective Date. This Ordinance is hereby declared to be an emergency measure necessary for the immediate preservation of the public peace, health and safety, and for the further reason that this Ordinance is required to be immediately effective in order for such Original Expenditures to be reimbursed immediately and to preserve such reimbursement and the Reimbursement Regulations require timely Declaration of Official Intent in order to qualify such Original Expenditures for reimbursement from the proceeds of Reimbursement Bonds; wherefore, this Ordinance shall be in full force and effect immediately upon its passage and approval by the Mayor.

AN ORDINANCE AMENDING SECTION 921.07, BACKFLOW PREVENTION DEVICES OF THE CODIFIED ORDINANCES OF THE CITY OF NILES; AND DECLARING AN EMERGENCY

WHEREAS, the Environmental Protection Agency (EPA) requires specific changes be made to the Backflow Prevention Program; and

WHEREAS, these changes will make the program more efficient in order to comply with the EPA.

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NILES, STATE OF OHIO:

SECTION 1: Title Three of Chapter Nine, Streets, Utilities and Public Services, Section 921.07, Backflow Prevention Devices, of the Codified Ordinances of Niles, Ohio, is hereby amended to read as follows:

921.07 BACKFLOW PREVENTION DEVICES.

The Cross control Program, at the discretion of the Director of Public Service shall include, but not necessarily be limited to:

(a) All new and replacement commercial and industrial water services supplied from the water works mains of the City of Niles shall have an approved backflow device on the inside of water meter setting.

(b) If, in the judgment of the Director of Public Service, an approved backflow prevention device is necessary for the safety of the public water system, the Director shall give notice to the water consumer to install such an approved device at a location and in a manner approved by the Director and shall have inspections and annual tests made of such approved devices as required. All testing and reports of backflow prevention devices must be performed by an Ohio Department of Commerce Certified Backflow Tester.

(c) The City **may** deny or discontinue water service until a test report is submitted certifying a new backflow device is installed and operating properly.

(d) No person, firm or corporation shall establish, or permit to be established, or maintain, or permit to be maintained, any connection whereby a private, auxiliary or emergency water supply other than a public water supply of the City may enter the supply or distributing system of the City, unless such private, auxiliary or emergency water supply shall have been approved by the Director of Public Service and by the Ohio Environmental Protection Agency.

(e) It shall be the duty of the Director of Public Service to cause surveys and investigations to be made of industrial and other properties served by the public water supply where actual or potential hazards to the public water supply may exist. Such surveys and investigations shall be made a matter of public record and shall be repeated as often as the Director shall deem necessary.

(f) The Director of Public Service, or his duly authorized representative, shall have the right to enter, at any reasonable time, any property served by a connection to the public water supply or distribution system of the City for the purpose of inspecting the piping system or systems thereof. On demand, the owner, lessees or occupants of any property so served shall furnish to the Director any information that he may request regarding the piping system or systems or water use on such property. The refusal of such information, when demanded, shall,

within the discretion of the Director be deemed evidence of the presence of improper connections as provided in this section and chapter.

(g) The water consumer, owner, lessee or occupant must maintain a record of each backflow prevention device. This shall include a record of the most current backflow device test report and if applicable, record of repair or rebuild for each device. Records of tests and repairs shall be submitted to the water department within ten (10) days of completion.

(h) In the event the consumer, owner, lessee or occupant fails to annually test the backflow prevention device(s) located on the premises, the Water Superintendent shall have a Certified Backflow Prevention Tester conduct a test on the device(s). A fee of One Hundred Fifty Dollars (\$150.00) shall be applied to the water customer's monthly bill. Refusal to allow the designated company access or lack of cooperation to permit the Certified Tester to conduct a test on the device(s) shall result in immediate termination the water service.

(i) The Director of Water Utility Operations is hereby authorized and directed to discontinue, after reasonable notice to the occupant thereof, the water service to any property wherein any connection in violation of the provisions of this section or chapter is known of to exist, and to take such other precautionary measures as he may deem necessary to eliminate any danger of contamination of the public water supply distribution mains. Water service to such property shall not be restored until such conditions shall have been eliminated or corrected in compliance with the provisions of this section, chapter and any other applicable laws and regulations.

(j) The City shall bear no liability for direct, indirect, incidental or consequential damages proximately caused by the discontinuance of service pursuant to this section.

(k) The Director of Public Service may adopt and enforce regulations in accord with this section.

SECTION 2: This Ordinance is hereby declared to be an emergency measure in the interest of the public health, safety and welfare, for the reason that the backflow prevention program requires changes to be made to comply with the requirements of the EPA. As such an emergency this Ordinance shall take effect upon passage by Council and approval by the Mayor.
