WHEREAS, the City of Niles, Ohio ("Municipality") owns and operates an electric utility system for the sale of electric capacity and associated energy for the benefit of its customers; and

WHEREAS, in order to satisfy the electric capacity and energy requirements of its electric utility system, Municipality has heretofore purchased, or desires to purchase in the future, economical, reliable and environmentally sound capacity and energy and related services from, or arranged by, American Municipal Power, Inc. ("AMP"), of which Municipality is a Member; and

WHEREAS, AMP is a nonprofit corporation, organized to own and operate facilities, or to provide otherwise, for the generation, transmission or distribution of electric capacity and energy, or any combination thereof, and to furnish technical services on a cooperative, nonprofit basis, for the mutual benefit of AMP members ("Members"), such Members, including Municipality, being political subdivisions that operate, or whose members operate, municipal electric utility systems; and

WHEREAS, Municipality, acting individually, and through AMP with other political subdivisions of this and other states that own and operate electric utility systems jointly, endeavors to arrange for reliable, environmentally sound and reasonably priced supplies of electric capacity and energy and related services for ultimate delivery to its customers; and

WHEREAS, it is efficient and economical to act jointly in such regard; and

WHEREAS, Municipality has previously entered into a Master Services Agreement with AMP, AMP Contract No. C-11-2005-4429 (the "MSA"), which contemplates that Municipality may enter into various schedules for the provision of capacity and associated energy and related services from AMP to Municipality; and

WHEREAS, certain Members, including Municipality, have determined that they can utilize additional sources of reliable and economical generated electric capacity and energy on a long-term basis, and have requested that AMP arrange for the same by acquiring interests through a purchased power agreement (PPA) in certain energy facilities; and

WHEREAS, in furtherance of this purpose, AMP has entered into a purchase power agreement ("Bright Mountain PPA") with Bright Mountain, LLC (the "Developer") under the terms of which AMP will purchase and Developer will supply and sell up to 80 MWac of capacity and associated energy and environmental attributes from the Bright Mountain generation project located in Perry County, Kentucky for a period of up to twenty-five (25) years; and

WHEREAS, it is necessary and desirable for Municipality to enter into a schedule to the MSA to provide for an additional source of capacity, energy and environmental attributes; and

WHEREAS, through approval and execution of the Bright Mountain Solar Schedule authorized below, Members now have the right, but not the obligation, to authorize and request AMP to acquire capacity and energy through the Bright Mountain PPA; and

WHEREAS, prior to the adoption of this Ordinance AMP has (i) informed Municipality of the terms of the Bright Mountain Solar Schedule; (ii) provided Municipality the opportunity to review the anticipated form of the Bright Mountain PPA; and (iii) offered representatives of Municipality the opportunity to ask such questions, review data and reports, conduct inspections and otherwise perform such investigations with respect to, as applicable, the acquisition of capacity and energy and the terms and conditions of the Bright Mountain Solar Schedule authorized below as Municipality deems necessary or appropriate in connection herewith; and

WHEREAS, Municipality requests and authorizes AMP to explore an arrangement whereby AMP may prepay all or a portion of AMP's obligations to purchase energy, capacity and environmental attributes at some point during the term of the Bright Mountain PPA and finance the prepayment on behalf of Municipality through the issuance of bonds by AMP in order to achieve additional savings on the capacity, energy and environmental attributes derived from the Bright Mountain PPA that AMP can pass through to Municipality ("Prepay Agreement") subject to the additional requirements set forth in the Bright Mountain Solar Schedule.

WHEREAS, after due consideration, Municipality has determined it is reasonable and in its best interests to proceed as authorized herein below and requests and authorizes AMP to acquire capacity and energy from the Developer upon the terms and conditions set forth in the Bright Mountain PPA.

NOW, THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF NILES, STATE OF OHIO:
