WHEREAS, the City of Niles, Ohio (hereinafter "Municipality") owns and operates an electric utility system for the sale of electric power and associated energy for the benefit of its customers; and

WHEREAS, in order to satisfy the electric power and energy requirements of its electric utility system, Municipality has purchased economical and reliable power and energy from, or arranged by, American Municipal Power, Inc. (hereinafter, "AMP"), of which Municipality is a Member; and

WHEREAS, Municipality, along with other AMP Members (collectively, "Participants"), entered into a Power Sales Contract ("AFEC PSC") regarding the American Municipal Power Fremont Energy Center ("AFEC Project") dated June 15, 2011; and

WHEREAS, in order to obtain such sources of electric capacity and energy, each Participant in the AFEC Project purchases its PSCR Share (as defined in the AFEC PSC) in the AMP Entitlement (as defined in the AFEC PSC) from AMP; and

WHEREAS, Municipality's PSCR Share in the AFEC Project under the AFEC PSC is 4.300% (22,015 kW) of the AMP Entitlement; and

WHEREAS, Municipality desires to assign a portion of its PSCR Share of the AFEC Project under the AFEC PSC totaling 1.333% (6,826 kW) (the "Assigned Shares") to the City of Westerville, Ohio ("Assignee"), who desires to become a Participant under the AFEC PSC, along with all of Municipality's other rights and obligations associated with each of the Assigned Shares, respectively (the "Assignment"); and

WHEREAS, in addition to Assignee's obligation to pay the Project Rate to AMP (as set forth in the AFEC PSC), Assignee, through AMP, will pay Municipality the amount of \$0.0015/kWh ("Premium Variable Charge") for the Assigned Shares based on the monthly Billing Energy invoiced by AMP for the term of January 1, 2027 to December 31, 2030 as set forth in a Side Letter Agreement ("Side Letter Agreement") between Municipality and the Assignee; and

WHEREAS, upon effectuation of the Assignment, Municipality's PSCR Share under the AFEC PSC will be 2.967% (15,189 kW); and

WHEREAS, AMP, on behalf of itself and on behalf of the remaining Participants of the AFEC Project, has waived or will waive, upon the effectiveness of this Resolution and certain other prerequisites, the right of first refusal to assume Municipality's rights under the AFEC PSC with respect to the Assigned Shares; and

WHEREAS, AMP, on behalf of itself and on behalf of the remaining Participants, has consented or, upon the effectiveness of this Resolution and certain other prerequisites will consent, to the Assignment; and

WHEREAS, Municipality, AMP, and Westerville desire to enter into an Assignment and Assumption Agreement ("Assignment Agreement"), which sets forth the parties' respective rights and obligations with regard to the Assignment.

Assignment and Assumption Agreement

This Assignment and Assumption Agreement (“**Agreement**”), dated as of _____, 2026 (“**Effective Date**”), is by and among the City of Niles, Ohio (“**Assignor**”), the City of Westerville, Ohio (“**Assignee**”), and American Municipal Power, Inc. (“**AMP**”).

WHEREAS, Assignor is a party to the Power Sales Contract regarding AMP’s Fremont Energy Center between AMP and the Participants dated June 15, 2011 (“**PSC**”);

WHEREAS, pursuant to the PSC, Assignor purchases its PSCR Share of the output of the Power Sales Contract Resources from AMP;

WHEREAS, Assignor’s current PSCR Share was 4.300% (22,015 kW);

WHEREAS, in connection with the assignment contemplated by this Agreement, Assignee intends to become a party to the PSC as a Participant;

WHEREAS, Assignor desires to assign to Assignee all of its rights and delegate to Assignee all of its obligations under the PSC related to 1.333% (6,826 kW) (the “**Assigned Share**”) from its PSCR Share and the obligations related thereto;

WHEREAS, pursuant to the terms of a separate agreement between the Assignor and Assignee (the “**Side Letter Agreement**”), the Assignee has agreed to pay to Assignor an amount equal to \$0.0015/kWh for energy delivered to Assignee allocable to the Assigned Share (“**Premium Variable Charge**”) for a period of four years beginning on January 1, 2027 through December 31, 2030;

WHEREAS, AMP, solely as agent of the Assignor, will calculate and remit the Premium Variable Charge paid by the Assignee to Assignor on a monthly basis; and

WHEREAS, AMP, on behalf of itself and on behalf of the remaining Participants, desires to consent to the Assignment.

NOW, THEREFORE, in consideration of the mutual covenants, terms and conditions set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignment and Assumption.

1.1 Assignment. Assignor irrevocably (a) assigns to Assignee the Assigned Share and all of its accompanying rights under the PSC attributed to the Assigned Share and (b) delegates to Assignee all of its accompanying obligations under the PSC, including the obligation to buy the Assigned Share of the Power Sales Contract Resources from AMP, from and after the Effective Date (collectively, the “**Assignment**”).

1.2 Assumption. Assignee unconditionally accepts all of Assignor’s rights and obligations in, to and under the PSC, including, without limitation, any obligation of Assignor to purchase Step Up Power and pay Step Up Costs, related to the Assigned Share, and assumes and agrees to be

bound by, fulfill, perform and discharge all of the liabilities, obligations, duties and covenants under or arising out of the PSC in connection with the Assigned Share, all from and after the Effective Date (collectively, the “**Assumption**”). The obligations in, to and under the PSC assumed by the Assignee do not include the payment of the Premium Variable Charge, which is a separate obligation arising solely under the terms of the Side Letter Agreement and is not a payment to or for the account of AMP pursuant to the PSC.

1.3 Consent. AMP, on behalf of itself and on behalf of the remaining Participants, consents to the Assignment and the Assumption. AMP, Assignor and Assignee acknowledge and agree that, from and after the Effective Date, assuming the Other Assignments have also occurred, Assignee’s PSCR Share is 1.629% (8,343 kW), subject to adjustment as set forth in the PSC. AMP and Assignor acknowledge and agree that, from and after the Effective Date, Assignor will have 2.967% (15,189 kW) remaining PSCR Share. For purposes of this Section 1.3, “**Other Assignments**” refers to anticipated assignments of other PSC Participants’ PSCR Shares to Assignee, which may occur before, after, or together with the Assignment.

1.4 Assignment, Assumption and Consent Conditional. Notwithstanding anything to the contrary contained in this Agreement, the effectiveness of the Assignment by Assignor pursuant to Section 1.1 above, the Assumption by Assignee pursuant to Section 1.2 above, and the Consent by AMP pursuant to Section 1.3 above are each conditioned in all respects upon Assignee becoming a Participant by, among other things, its execution and delivery to AMP of a PSC.

2. Representations and Warranties.

2.1 Assignor’s Representations and Warranties. Assignor represents and warrants as follows:

- (a) It has the full right, power and authority to enter into this Agreement and to perform its obligations hereunder.
- (b) It has taken all necessary action to authorize the execution of this Agreement.
- (c) It is the sole legal and beneficial owner of the rights granted to Assignee by this Agreement, free and clear of any lien, security interest, charge or encumbrance.
- (d) It has performed all of its obligations under the PSC that are required to be performed on or before the Effective Date.

2.2 Assignee’s Representations and Warranties. Assignee represents and warrants as follows:

- (a) It has the full right, power and authority to enter into this Agreement and to perform its obligations hereunder.
- (b) It has taken all necessary action to authorize the execution of this Agreement.

2.3 AMP’s Representations and Warranties. AMP confirms that, to the best of its knowledge, as of the Effective Date of this Agreement, all conditions set forth in Section 26(C)(i)-(vi) of the PSC have been met, and represents and warrants as follows:

(a) It has the full right, power and authority to enter into this Agreement and to consent to the Assignment and the Assumption.

(b) It has taken all necessary action to authorize the execution of this Agreement.

3. Definitions. Capitalized terms used and not defined in this Agreement have the respective meanings assigned to them in the PSC.

4. Premium Variable Charge.

4.1 Payment of the Premium Variable Charge. By its execution of the Side Letter Agreement, Assignee agreed to pay to Assignor the Premium Variable Charge on all energy delivered to Assignee allocable to the Assigned Share. The Side Letter Agreement is a separate agreement between the Assignee and Assignor and AMP has no interest in the Premium Variable Charge.

4.2 Role of AMP. In respect of the Premium Variable Charge, AMP will, acting solely as the agent of the Assignor, separately calculate the amount of the Premium Variable Charge, bill such amount to the Assignee, and forward to the Assignor the amount paid by the Assignee in payment of the Premium Variable Charge. For the avoidance of doubt, in performing such functions, AMP is serving solely as agent and not as principal and AMP shall have no rights with respect to the Premium Variable Charge.

4.3 AMP will have no duties or responsibilities to the Assignor or any other person in connection herewith except those specifically provided herein and will not be responsible for anything done or omitted to be done by it except for its own gross negligence, willful or intentional misconduct hereunder. No provision of this Agreement shall require AMP to expend or risk its own funds or otherwise incur any financial liability in the performance of any of its duties hereunder, or in the exercise of any of its rights or powers. AMP will have no duty to take any action to enforce payment of the Premium Variable Charge by the Assignee.

4.4 Nonpayment of the Premium Variable Charge. In the event that Assignee fails to pay the full amount due for power under the PSC and the Premium Variable Charge, AMP will allocate any amount paid first to the amount due under the PSC and the balance to the Premium Variable Charge.

5. Miscellaneous.

5.1 Further Assurances. Upon another party's reasonable request, each party shall, at its sole cost and expense, execute and deliver all such further documents and instruments, and take all such further acts, necessary to give full effect to this Agreement.

5.2 Survival. Subject to the limitations and other provisions of this Agreement, the representations of the parties contained in this Agreement survive the expiration or earlier termination of this Agreement.

5.3 Notices. Each party shall deliver all notices, requests, consents, claims, demands, waivers and other communications under this Agreement (each, a “**Notice**”) in writing and addressed to the other party at its address set forth below (or to such other address that the receiving party may designate from time to time in accordance with this section). Each party shall deliver all Notices by personal delivery, nationally recognized overnight courier (with all fees pre-paid), or certified mail (in each case, return receipt requested, postage prepaid). Except as otherwise provided in this Agreement, a Notice is effective only (a) on receipt by the receiving party, and (b) if the party giving the Notice has complied with the requirements of this Section.
