FOR IMMEDIATE RELEASE

June 1, 2022

NILES SETS MOSQUITO SPRAYING DATES

The City of Niles is slated for mosquito spraying in June through September. Spraying will occur in the late evenings and into the nights of June 9th, July 7th, August 4th, and September 1st (weather pending). Even though the spray is safe, please be aware of open windows, bring pets indoors, and avoid outdoor activity as much as possible. Property owners in low-lying areas, experiencing mosquito problems where stagnant water exists, please contact the Mayor's Office. The City of Niles, in consultation with the Trumbull County Combined Health District will place mosquito larvicide tablets into stagnant water to inhibit mosquito breeding at no cost.
