

Niles Housing Survey 2025

JULY 21st through September 30th

A Housing Survey will be conducted for approximately 10 weeks in the City of Niles, in collaboration with the Youngstown State University Center for Applied GIS.

Staff and students from the university will be walking and driving the local streets and sidewalks during this time. They will not solicit or enter any private property. The information gathered will be used to implement future planning and zoning code for the City.

Any questions or concerns can be directed to the City of Niles Planning and Permitting Department at 330-544-9000.
